### Certifications:

EN ISO 20345:2022 S3S FO SR HRO SC

---

A top-quality sneaker with an exclusive textile upper with extra reinforcement at the toe and heel. The Freelock lacing solution on the side makes it easy to tighten the shoes and get them on and off. Newly developed neoprene tongue for increased comfort.

The shoe has a NANO composite toe cap, which is stronger, lighter and thinner than other non-metallic materials. Flexible textile PS nail penetration protection can withstand thin 3 mm nails. The innovative 3-layer sole structure guarantees unique shock absorption.

Non-slip nitrile rubber outsole, while the midsole is 2-layer PU of different densities for optimum function and comfort. The insole, anatomically designed for optimum comfort, is made of a soft ETPU material and has a textile upper with good moisture absorption.

These shoes are suitable for work in building, transport, maintenance, repair and operation. Women's last in sizes 35–39.

Innovative triple density sole construction ensures unique shock absorption.

Slip resistant outsole in nitrile rubber

Durable and water repellent textile upper material

Neoprene tongue adds to the comfort

Freelock lacing system on side

Anatomically designed insole is made from soft ETPU

NANO composite toe cap – lighter and stronger than other non-metallic materials

PS Nail protection system

## Colors

## Upper material:

Textile

## Fit:

Wide

## Nail protection material:

Textile PS

## **Toecap material:**

NANO-composite

## **Functionality:**

Triple Density Outsole, Freelock, Padded shaft edge, Antistatic properties, ESD approved (confirms with IEC 61340-5-1), Heel reinforcement, Oil resistant outsole, Toe reinforcement, Heat resistant outsole, Water repellent, Breathable insole

## **Insole material:**

Textile, responsive ETPU

## **Sole material:**

Midsole in double layer PU, nylon shank, outsole in nitrile rubber

## **Lining material:**

Polyester

## **Shoe size:**

35-48
