

## Sizes

35-48

---

### Certifications:

EN ISO 20345:2022 S1PL FO SR SC

---

A lightweight, airy and comfortable safety shoe. Breathable textile upper keeps your feet cool and comfortable. Composite toe cap and a flexible, textile penetration-resistant midsole meeting PL standard make the shoe metal-free.

Midsole made of PU for optimal shock absorption. Slip-resistant outsole made of PU. The insole, anatomically designed for maximum comfort, is made of soft PU material with a textile surface that offers excellent moisture absorption.

This shoe is well suited for work in warehouses, service, logistics and industry. Women's last in sizes 35–39.

Breathable mesh upper material

Non-metallic composite toe cap

Flexible, textile penetration-resistant midsole meeting PL standard

Anatomically designed insole made of soft, shock-absorbing PU with a moisture-absorbing textile surface

Slip-resistant PU outsole
